INTERVIEW SUMMARY

The undersigned conducted a telephone interview with the Examiner on November 9, 2009. At that time, the rejection of claim 1 was discussed. The general nature of the invention was also discussed with specific reference to performing joint detection on I and Q channels separately. Claim 1 was also discussed with respect to *Li*. The Examiner agreed that *Li* does not disclose performing RSSE on the I and Q channels separately. The undersigned noted that such an argument was included in the Response filed on November 3, 2009.

Respectfully submitted:

Alan L. Stern
